How Swap Circuits work: You receive envelopes with 100-200 stamps at least six times a year, for two years. Included is a route sheet with several members' names and addresses. You take out however many you want and replace them with the same number of stamps that match the category (and quality) of the circuit. Then you mail the envelope on to the next person on the list. Fees are used to purchase quality stamps. Feel free to sign up and pay for multiple circuits in the same category.

	# of Circuits Requested	Amount Included
Mail circuit membership fee \$4 Required to participate	X	\$4.00
\$5 Large size foreign (no USA) stamp circuits 100 stamps per envelope		
\$9 Large size foreign (no USA) stamp circuits 200 stamps per envelope
