

# MAIL BID SALE #74 - LOTS OF NEW STUFF!

**T**his sale is quite large and heavily focused on Europe, especially Germany and Great Britain. There are a couple of large Ireland collections priced very attractively. The Bargain Bin also includes the four French albums produced by *La Poste*. These albums are of coffee-table quality and the stamps themselves are at about a third of CV. There are also quite a few revenues, both Canadian and worldwide. Keep in mind that specialty items that are not listed in Scott - like non-U.S. revenues, Canadian precancels, errors, European local stamps, etc. - are often priced by alternative catalogs when available. When we can, we give the Scott catalog numbers for identification, but the *values* for the variants - errors, precancels, unissued stamps - are best identified by the values listed in the alternative catalogs. If we are using an alternative catalog for pricing, we identify that catalog in the listing. If the value is listed in an alternative currency, the estimated dollar equivalent will also be provided.
